Course Title: (ISMS) Lead Implementer

Duration: 5 days, 40 Hrs

Class Format Options:

Instructor-Led Training/ Classroom

Who Should Attend:

- those who will be involved in advising top management on the introduction of ISO/IEC 27001:2013 into an organization
- those who have the responsibility to lead the implementation of an ISMS in a business or provide consultation on the subject.

Type of Certificate Obtained :

BSI ISO 27001 Lead Implementer Certification

ISO/IEC 27001: 2013 Information Security Management System (ISMS) Lead Implementer

Course Overview

In this five day course, our experienced tutors teach you everything you need to know to be able to set up an ISMS that conforms to ISO/IEC 27001:2013 in an organization. You will cover the requirements of the standard and consider the state of your organization's current information security management practices in preparation to put in an ISMS. We will help you develop your skills and understanding of the practicalities involved when setting up a typical management system framework that conforms with the standard. This includes learning how to set up policies, processes and procedures for your ISMS.

Additionally, you will also focus on developing your project management ability to lead a team with the implementation of an ISMS in your business. This can be crucial if your ISMS will need to scale throughout your organization. An examination is held on the final day and successful delegates will be awarded the BSI Lead Implementer certificate. After attending the course and passing the examination, you will be able to play a pivotal role in ensuring your organization can set up an ISMS that is compliant to ISO/IEC 27001:2013.

Upon Completion

candidates will have knowledge on the following topics:

- Understand ISMS implementation roles and responsibilities
- How to define risks and impacts of data loss
- To introduce ISO/IEC 27001 objectives, controls, policies and procedures
- To deliver security awareness training
- Understand the ISO/IEC 27001 certification process.
