
Certified Data Protection Officer

Duration: 5 Days

Course overview

The Certified Data Protection Officer training course enables you to develop the necessary knowledge, skills and competence to effectively implement and manage a compliance framework with regard to the protection of personal data.

After mastering all the necessary concepts of General Data Protection Regulation (GDPR), you can sit for the exam and apply for a “PECB Certified Data Protection Officer” credential. By holding a PECB Certified Data Protection Officer Certificate, you will be able to demonstrate that you have the practical knowledge and professional capabilities to assist organizations in applying data protection laws and regulations.

Who Should Attend

- Project managers or consultants seeking to prepare and support an organization in planning, implementing, and maintaining a compliance program based on the GDPR
- DPO and Senior Managers responsible for the personal data protection of an enterprise and the management of its risks
- Members of an information security, incident management and business continuity team
- Expert advisors involved in security of personal data
- Technical experts and compliance experts seeking to prepare for a Data Protection Officer role

Course Agenda

Day 1: Introduction to the GDPR and initiation of the GDPR Compliance.

Day 2: Plan the implementation of the GDPR.

Day 3: Deploying the GDPR.

Day 4: Monitoring and continuous improvement of GDPR compliance.

Day 5: Certification Exam
