

ISO/IEC 27001:2022 Information Security Management System (ISMS) Lead Auditor

Course Overview

Auditing is crucial to the success of any management system. As a result, it carries with its heavy responsibilities, tough challenges and complex problems. This five-day intensive course trains ISMS auditors to lead, plan, manage and implement an Audit Plan. It also empowers them to give practical help and information to those who are working towards certification and also provides the knowledge and skill required to carry out 2nd party auditing (suppliers and subcontractors).

Become a qualified leader in information security management and recognized by the International Register of Certified Auditors (IRCA) with our ISO/IEC 27001 Lead Auditor training course.

As internationally recognized best practice for an information security management system (ISMS), ISO/IEC 27001 helps organizations to build resilience and protect information. So, it's no surprise that companies invest in training their people to get the knowledge and skills to use ISO/IEC 27001 to secure their business. Our ISO/IEC 27001 Lead Auditor training is an intensive five-day course where you'll discover internationally recognized best practice auditing techniques so you can confidently lead auditing activities. You'll already have a detailed understanding of ISO/IEC 27001 requirements.
